### ***...Luxury in Canada's northern Wilderness***

Selwyn Lake Lodge is a premiere fly-in fishing lodge offering uncompromising luxury and legendary fishing. Selwyn Lake is 45 miles long and 18 miles wide and spans across the Saskatchewan and Northwest Territories border in Canada. From the lodge on Common Island, guests have virtually unlimited opportunity for discovery and adventure every day of their stay.

We do not hesitate to promise you an unparalleled fishing experience. It is not uncommon to catch and release multiple trophy fish, with monster Lake Trout in the 30-50 pound range huge Northern Pike and the "Sailfish of the North," the Arctic Grayling. We also offer guided, fly-out excursions for a fantastic angling experience.

Our facility guarantees privacy, plus the best in modern convenience and technology. Ten guest cabins include comfortable beds and private three-piece bathrooms. To maintain a relaxed atmosphere and outstanding service, we limit the guest numbers to 24 at any time. And of course, we provide daily maid and laundry service. After a day on the lake, we think you'll appreciate our well appointed dining room, gourmet meals, and fine wines. Enjoy hot appetizers and delicious dinner each evening, and then retire to our comfortable lounge with its stone fireplace and fine leather furniture.
